

# MOTHER-FRIENDLY CARE POLICY

## POLISI PENJAGAAN MESRA IBU

01

**Assunta Hospital supports mother-friendly care and offers expectant mothers the option to have a birth companion of their choice to provide continuous physical and/or emotional support during labour and birth.**

Assunta Hospital menggalakkan ibu mempunyai peneman yang boleh memberi sokongan emosi dan fizikal sepanjang proses kelahiran

02

**Expectant mothers at low risk in labour will be encouraged to have fluids and food during early labour.**

Mbenarkan ibu mengambil minuman atau makanan ringan semasa proses kelahiran jika ibu berkeinginan ( bagi ibu berisiko rendah rendah)

03

**Encourage mothers to consider the use of non-drug methods of pain relief unless analgesic or anaesthetic drugs are necessary by respecting the personal preferences of the mother.**

Menggalakkan ibu untuk mempertimbangkan penggunaan kaedah penahan sakit bukan ubatan melainkan jika diperlukan dengan mengambil kira pilihan peribadi ibu.

04

**Expectant mothers will be encouraged to walk and move about during labour, if desired, and assume positions of their choice while giving birth, unless a restriction is specifically required for a complication and the reason is explained to the mother.**

Menggalakkan ibu untuk bergerak dan berjalan semasa proses kelahiran jika mahu serta memilih posisi kelahiran kecuali terdapat komplikasi dan ibu diberikan penjelasan.

05

**Care that does not involve invasive procedures such as rupture of the membranes, episiotomies, acceleration or induction of labour, instrumental deliveries, or caesarean sections unless specifically required for a complication and the reason is explained to the mother.**

Tidak menggunakan sebarang prosedur invasif seperti memecahkan selaput ketuban, episiotomy, perangsang mempercepatkan proses kelahiran ( Induction of labour ), pembedahan cesarean atau kelahiran dengan bantuan peralatan melainkan keadaan memerlukan kerana berlaku komplikasi dan ibu diberi keterangan yang jelas
